## MELS The Original

When you visit Mels, you're experiencing part of the American dream. The first Mels was opened two days before Christmas in 1947. From that single store, Mels has endured changes in the economy, lifestyles and still it's a place you can visit and feel connected to a simple, delicious, comforting lifestyle.

Over the years, Mels has become the place to go when you get the urge for great food and the nostalgia of "American Graffiti," or the TV show "Alice," both of which took place at Mels. Thank you for coming in today to take part in the Mels experience. We'll do everything we can to make you glad you did!
